1. Claims 1-20 are still pending for examination.
2. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The term "computer readable storage medium" is not clearly defined in the specification (e.g. see page 5 of the specification).
3. Claims 14-20 are objected to because of the following informalities: The term "computer readable storage medium" lacks a clear antecedent basis because the applicants did not clearly defined what they are. Appropriate correction is required.
4. Claims 1-13 are allowable.
5. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
6. Applicant's arguments, see the applicants' remark, filed 12/02/2008, with respect to claims 1-20 have been fully considered and are persuasive. The rejection of claims 1-20 of the previous rejection has been withdrawn.

A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) days from the mail date of this letter. Failure to respond within the
